The Quarterly Journal of Engineering Geology

1979. Vol. 12 Contents and Indices

Editor: R. J. Chandler
Assistant Editors: R. A. Downing, R. K. Taylor

Editorial Board: R. J. Chandler (Chairman), E. T. Brown, C. R. Cratchley, W. R. Dearman, R. A. Downing, D. Eastaff, P. G. Fookes, A. B. Hawkins, P. G. Jordan, P. F. F. Lancaster-Jones, A. L. Little, J. D. Mather, R. K. Taylor, R. C. L. Wilson

The Quarterly Journal of Engineering Geology

Geological Society

Officers and Council 1979–80

President: Professor P. Allen

Vice-Presidents: Professor M. Brooks
Mr F. W. Dunning
Mr R. Dyk
Professor B. M. Funnell
Professor B. E. Leake

Secretaries: Dr R. C. L. Wilson
Dr A. L. Harris

Foreign Secretary: Dr W. H. Ziegler

Treasurer: Dr G. D. Hobson

Ordinary Members of Council:
Dr A. J. Barber
Dr J. R. V. Brooks
Professor M. Brooks
Mr R. G. W. Brunstrom
Professor A. C. Dunham
Mr F. W. Dunning
Mr R. Dyk
Dr G. Evans
Professor B. M. Funnell
Dr A. B. Hawkins
Dr J. A. E. Hubbard
Professor B. E. Leake
Dr J. D. Mather
Dr A. H. F. Robertson
Dr A. D. Stewart
Dr G. Thomas
Mr D. G. A. Whitten
Dr B. F. Windley

Engineering Group 1979–80

Chairman: Mr P. F. F. Lancaster-Jones

Secretary: Dr D. M. McCann

Hydrogeological Group 1979–80

Chairman: Dr W. M. Edmunds

Secretary: Mr W. R. Simpson

Contents of Volume 12

No. 1

EDITORIAL 1

B. STIMPSON: Simple equations for determining the Factor of Safety of a planar wedge under various groundwater conditions 3

F. G. BERRY: Late Quaternary scour-hollows and related features in central London 9

A. B. HAWKINS: Case histories of some effects of solution/dissolution in the Keuper rocks of the Severn Estuary region 31

G. WALTON & R. GUNAWAN: Technical Note: some observations on surface instability associated with coal deposits in South Sumatra 41

D. J. SHEARMAN: Technical Note: A field test for identification of gypsum in soils and sediments 51

PROCEEDINGS 53

BOOK REVIEW 61

No. 2

R. F. STONER, D. M. MILNE & P. J. LUND: Economic design of wells 63

K. CRUSE: A review of water drilling methods 79

D. A. SPEARS: Porewater composition in the unsaturated zone of the Chalk, with particular references to nitrates 97

D. J. RUSSELL & A. PARKER: Geotechnical, mineralogical and chemical interrelationships in weathering profiles of an overconsolidated clay 107

M. B. DUSSEAULT & N. R. MORGENSTERN: Locked sands 117

Discussion by P. F. WORTHINGTON
Reply by R. C. SAGE & J. W. LLOYD 133

Letter to the Editor from L. CLARKE 134

PROCEEDINGS 135

No. 3

Papers from the Joint Meeting of the International Association of Engineering Geologists and the Engineering Group of the Geological Society, Newcastle-upon-Tyne, September 3rd–6th, 1979: Engineering Geological Mapping for Planning, Design, and Construction in Civil Engineering

Introductory statement 137

Session 5: Terrain evaluation and remote sensing

J. M. Rodriguez Ortiz & C. Prieto: A proposal for quantitative terrain evaluation and highway construction 139

T. E. Beaumont: Remote sensing for location and mapping of engineering construction materials in developing countries 147

D. Warwick, P. G. Hartopp & R. P. Viljoen: Application of thermal infra-red linescanning technique to engineering geological mapping in South Africa 159

Y. Patoureaux: An example of the value of infra-red multispectral remote sensing in mapping (Exemple d'aide à la cartographie par télédétection infra-rouge multispectrale) 181

Session 6: Engineering geomorphological mapping

J. C. Doornkamp, D. Brunsden, D. K. C. Jones, R. U. Cooke & P. R. Bush: Rapid geomorphological assessments for engineering 189

J. Pitts: Morphological mapping in the Axemouth–Lyme Regis Undercliffs, Devon 205

S. Lang: Problems of engineering geomorphological mapping on impermeable surfaces and in karst regions (Les problèmes de la cartographie ingenieur-geomorphologique sur les superficies imperméabiles et sur les karsts) 219

A. B. Hawkins & K. D. Privett: Engineering geomorphological mapping as a technique to elucidate areas of superficial structures; with examples from the Bath area of the south Cotswolds 221

A. Kertész: The representation of the morphology of slopes on engineering geomorphological maps with special reference to slope morphometry 235

No. 4

Papers from the meeting of the Engineering Group of the Geological Society, Southampton, Sept. 18th–21st, 1978; Coastal Engineering Geology

M. E. Barton: Engineering geological aspects of dock and harbour engineering in Southampton Water 243

D. A. HARLOW: The littoral sediment budget between Selsey Bill and Gilkicker Point, and its relevance to coast protection works on Hayling Island 257

B. W. CONWAY: The contribution made to cliff instability by Head deposits in the west Dorset coastal area 267

Discussion by J. PITTS 277

S. P. LEATHERMAN: Beach and dune interactions during storm conditions 281

E. N. BROMHEAD: Factors affecting the transition between the various types of mass movement in coastal cliffs consisting largely of overconsolidated clay with special reference to Southern England 291

A. R. CLARK, A. B. HAWKINS & W. J. GUSH: The Portavadie dry dock, west Scotland: a case history of the geotechnical aspects of its construction 301

G. HENDERSON & N. B. WEBBER: The application of wave refraction diagrams to shoreline protection problems: with particular reference to Poole and Christchurch Bays 319
